Sir:

Responsive to the Office Action dated December 3, 2002, please amend the
application as follows:

IN THE CLAIMS

90. (amended). A method comprising:
obtaining data comprising rates of return for a plurality of asset classes and at least one
rate of inflation;

obtaining for a particular individual a financial portfolio to be evaluated based on an
initial investment allocated to at least one of the asset classes, and a desired withdrawal amount
having a fixed dollar amount and a fixed percentage amount;

generating a probabilistic distribution of investment outcomes for the financial portfolio
on an incremental basis within a designated time period by determining a plurality of projected
